

Nikita Baniya

Objective

Frontend Developer specializing in React.js, passionate about building responsive, user-centric web applications. Currently enhancing skills through real-world projects using React, Vite, Redux Toolkit, and Appwrite, and seeking an opportunity to contribute to a collaborative and growth-oriented team.

Technical Skills

Frontend: React.js, Vite, Redux Toolkit, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

Backend (basic knowledge): Node.js, REST APIs

Tools & Platforms: Git, GitHub, Appwrite, VS Code, Vercel

Other: Responsive Design, State Management, Debugging, Figma (basic)

Projects

Mega Blog Project

Guided by Hitesh Choudhary's YouTube series

- Developed full-featured blog with post creation, update, and delete features
- Used Redux Toolkit for state management
- Appwrite integration for backend services (storage, database, auth)

Tech: React, Vite, Redux Toolkit, Appwrite

Education

Bachelor of Computer Applications (BCA)

[Birendra Multiple Campus], [Graduation Year: 2022]

Relevant Coursework: Web Development, Database Systems, Programming

Experience

Computer Teacher – [Universal Learning Academy], Nepal

Taught students from classes 5 to 10 for 1.5 years

- Developed custom lesson plans in ICT and Computer Basics
- Managed labs and assisted with student projects

Intern (Web Development) – Iconsoft Technologies

- Learned and applied foundational knowledge of HTML, CSS, JS
- Built basic web pages and collaborated on team tasks

Languages

English – Proficient

Nepali – Native

Japanese – Basic (up to N4 level)
